

S&S Aero Series™ PCs

S&S Computer Solutions is proud to announce our new custom-built Aero Series™ computers.

Using cutting edge technology, we have designed a range of PCs which are hand built and fully tested by our expert technicians.

With 3 pre-configured systems & endless customization options, no matter what your needs, there's sure to be an Aero Series™ PC that's right for you.

Unlike other PC builders, S&S will not only build your next internet-surfer, file server, or all-out gamer, but we will be happy to install it at your location and set it up to your liking and provide continued friendly, professional support to help you get the most from your new Aero Series™ PC.

Whether you choose the internet-ready Firefly, the powerhouse Dragonfly or the no-compromise Phoenix, a new Aero Series™ computer from S&S Computer Solutions will provide years of dependable performance.
